Dr. Shipp, 1st health chief, dies

Hancock County's first public health officer, 83-year-old Dr. Cyrus Martin Shipp, died Monday afternoon at Hancock General Hospital after a long illness.

Dr. Shipp served for 34 years as health officer for the counties of Hancock, Pearl River and Jackson, assuming those duties Sept. 1, 1924, and continuing until his retirement in the summer of 1958. Prior to that he was with the State Health Department in Jackson for six years.

Born Aug. 31, 1880, in Lafayette County, he was educated at the University of Mississippi, Tulane Medical School and undertook post-graduate studies at Johns-Hopkins and Vanderbilt University Hospitals. Dr. Shipp entered private practice initially in Grenada and later went with the Rockefeller Foundation for Malaria Control before pioneering in the public health field in Mississippi. He was considered an authority on malaria and mosquitos.

With his wife, the former Miss Betty Boyd of Water Valley, he made his home at 103 Bay View Ct. Besides the widow, three sisters, Miss Lucy Shipp, Mrs. Bert Ragland, both of Memphis, Mrs. F. E. Rosenbaum of Dupo, Ill., and a number of nieces and nephews survive. At a testimonial dinner July 14, 1958, on his retirement, (Cont. on Page 6.)

Fuel pact for MTO awarded

Air Products and Chemicals, Inc., of Allentown, Pa., has been selected to supply liquid hydrogen to Mississippi Test Operations and Marshall Space Flight Center for the Saturn launch vehicle test program, NASA announced last week, this culminating negotiations which began last October. Seven firms had submitted proposals in September.

The Allentown firm will construct a plant to produce the liquid hydrogen and a storage and docking facility in the vicinity of New Orleans at its own expense. Fuel will be transported in government owned barges to the test stands at MTO and by road to MSFC. The contract requires the supplier to be (Cont. on Page 6.)

4-lane US 90 seen in 6 mo.

Four lanes for U. S. 90 from the Bay St. Louis bridge to its intersection with Rt. 43 appears to be the next major road project in Hancock County if Highway Commissioner John D. Smith's estimates prove correct. Smith yesterday confirmed by phone that he expects a contract for this construction to be let within six months, but emphasized the step might come earlier or later. Survey for this improvement has already been completed.

The commissioner also reported that his office and the federal government were still "fessing" over financing the proposed re-routing of 43 so that it does not pass through Mississippi Test Operation's buffer zone. The state estimates the cost will be slightly over \$2,000,000 while NASA's officials insist they have only \$1,800,000 available for this project. According to Smith, his department would be glad to relocate the highway "but only at Uncle Sam's expense. After all, we are satisfied with the highway as it is. They want the change".

Insofar as Interstate 10 is concerned Smith still hopes to have construction on it starting from the Louisiana line begun before the end of the year. A decision on whether the superhighway will bend to the south so as to pass close

to the intersection of highway 90 and 43 is awaiting final cost estimates on the two routes. Smith expressed the opinion that should the cost difference not be too great the federal government would agree to having Interstate 10 make the bend to the south. This route would eventually give Bay St. Louis and Waveland a four-lane system to downtown New Orleans.

1 suspended, another receives two year term

Monday, William Garrity, Jr., pleaded guilty to burglary and larceny and got two years.

Raymond Dean, charged with seven counts of burglary and larceny along with Douglas, Eddie Ray and Milton Dean, was given a two-year suspended sentence and placed on probation for one year Wednesday by Circuit Judge Leslie B. Grant after he changed his plea to guilty. Trial of the other three was set for today.

Dean pleaded guilty to theft May 14, 1963, of binoculars, a movie camera and other articles from the residence of Joseph B. Sunseri, Clermont Boulevard, Clermont Harbor. Lawrence Hogan, charged with burglary and larceny and Thomas Cole, burglary, also changed their pleas to guilty and are scheduled to be sentenced Friday.

Civil cases handled Wednesday were: Friendly Appliances, Inc., vs. Mr. and Mrs. A. T. Caspolich, directed verdict for plaintiff of \$171.42; Louis Hengen, trustee, vs. Herman W. Bounds, non-suit; C. J. Tessier vs. Robert Scivicque, judgment of \$ agreement, \$9,740.31; Mrs. Winnie Garcia vs. Fred Hoagland, aka Fred Hoagland Auto Sales, settled and dismissed; City Stores Co. vs. Harold B. Weston, default judgment, \$202.76; Crescent City Beauty Supply Co. vs. Miss Mercedes B. Spahr, aka Mercedes Beauty Shop, default judgment, \$235.55.

Criminal cases set for trial today were Paul Vegas, two counts of burglary and larceny; Alexander (Tick) Bush, burglary and larceny, and Richard

Unity is vital, Khayat tells JCs

Unity is the road to achievement, the successful son of Lebanese immigrants told a Jaycee banquet audience of more than 100 persons here Saturday night.

Edward A. Khayat of Pascagoula cited the industrial growth Hancock County may enjoy through efforts of its recently created ports and harbors commission but cautioned in a variety of phrases the need for the citizenry to give solid support to the program.

"When you get through with your elections, forget about them and work together," he urged. He spoke of his parents' pride in Mississippi and the nation and was harsh towards those who excused themselves of duties for lack of time.

Khayat emphasized Mississippi's greatness and asked his listeners to do likewise in the face of what appears to be a degrading of the state. In 1860, before the horrors of the civil war, he recalled, Mississippi was fifth in wealth in the nation. He enumerated the top ratings the state enjoys today and urged that Mississippians toot their horn with facts in that field.

Jaycees and Jaycettes installed new officers at the meeting as well as naming their Distinguished Service Award winner, Rev. Emory Green of First Baptist Church, and boss of the year, Robert Gullbault, general manager of Industrial Enameling division of Industrial Electric.

Retiring Jaycee President Andre Arceneaux presented the Key Man award to Lee Choppin along with the presidential award and Spoke prize for new members, while Mrs. Arceneaux retiring Jaycette prexy, similarly honored Mrs. James Heverling with her presidential award. Mrs. Heverling also took the Jaycette attendance prize, and outstanding chairman, Mrs. John Levens, incoming president, was chairman of the winning charity committee and Charles Carter, Jr., was named honorary Jaycette. More appointments

Name 3 to service jobs

Appointment of three veterans' service officers, acceptance of two resignations, two appointments in other county offices and election of Beat 2 Supervisor, Dolph Kellar, as vice president occupied the board of supervisors in personnel matters Tuesday morning.

Cornelius J. Ladner, Mrs. Charles Russ and Edward Fayard were named service officers effective Feb. 1 in addition to Mrs. Vera Breland, appointed clerk at a previous meeting, all to receive \$100 a month.

At the request of George Heitzmann, tax assessor, Mrs. George Anderson was appointed deputy tax assessor to fill the vacancy created by resignation of Mrs. Jerry Mitchell. Mrs. Anderson has assisted in the office for the past 10 years, he said. Ramona Starling was appointed clerk to replace Mrs. Anderson.

Resignation of Hugh Sanford as soil conservationist was accepted and the board went on record recommending his appointment as area forester to fill the post which has been vacant since Glen Purvis left last fall.

Some dissension arose when Beat 1 Supervisor H. G. Dean moved the appointment of Lad-

ner and Mrs. Russ at \$125 a month. President R. G. Hubbard, Jr., cautioned that the fund had been depleted in the past before the year had ended and Kellar questioned whether two officers were necessary. Dean said he thought they were needed in case one was unavailable, etc., and Lucien Carmichael, Veterans of Foreign Wars commander, said it wasn't the quantity but the quality of the officers that counted, there being numerous letters to write and forms to execute, also that Fayard had done a lot of this work in the past without compensation. Final motion was by James Necaise seconded by Dean.

Saturday's warmth and sunshine, was as it was, was welcomed by a rush to the great outdoors by local residents and a rash of weekenders, many of whom hadn't been over since well before Christmas.

The smoking habit

This break in literally weeks of horrible weather was second as a conversational topic only to the great to-smoke-or-not-to-smoke controversy stirred up by last Saturday's television report. As a result of an informal poll we found the report had frightened many into immediately burning cigarette packs into the garbage can. Druggists noted a decrease in sales of these coffin nails, but cigars and pipes were much in demand. One local druggist reported that less than one-tenth of his usual Sunday night customers showed up for their week's and one man whispered his order as if he were ordering a drink during prohibition. As far as we can determine, most had given up the struggle to kick the habit by Wednesday, although vowing to cut down to just a pack a day. As for those who possess sufficient will power to quit this dirty, expensive, unhealthy practice, we'll offer congratulations, light another cigarette and get on with the news of the day.

Rumors still run rampant as to the identities of this year's Carnival Ball king and queen. We've had the name of just about everyone in town whispered to us in the past week and as a result are more confused than ever. We hope the secret remains as closely guarded as it was last year. Makes it so much more fun to wonder until they enter the ballroom floor attired in their regal robes.

Gerri (Mrs. Charles) Johnson returned home Thursday after spending ten days in a New Orleans hospital. She's now well on the road to complete recovery.

Ida May (Mrs. Claude) Graham was also under the weather, she had a very bad cold but was well enough to drive to Pascagoula with Claude on Friday.

Members of the Fleur de Lis bridge club were treated to a pancake party topped off with homemade Louisiana syrup at the home of Mrs. Reuben Gray last Friday.

Congratulations and best wishes are on the way to Mr. and Mrs. J. A. Jenkins of Summerville, Tenn. who will celebrate their 60th wedding anniversary on Jan. 28. They're parents of nine living children including A. R. (Slim) Jenkins of Waveland.

Lakeshore Garden Club was slated to hold its January meeting at Betty (Mrs. Clyde) Lacher's new home on Hancock Street. Due to inclement weather and the appearance of only three of the more stalwart members, Grace Bortages, Rae Rasmussen and Nettie Burleigh, the business session was held over until next month.

Talented anglers

Found our lost letter from Mary Debenport and can now give particulars on our young anglers who caught two speckled trout weighing one-half and one-quarter pound, four croakers and an alligator gar without poles, lines or bait on Jan. 3. The fishermen were Mary and Jefferson Debenport, ages 10 and 9 respectively and Donna, Clarice and Calvin Shanley who are 12, 10 and 9 in that order. They have a witness to this feat, George Gandy who took the gar home as food for his pet turtle.

Herb Ratenburg is another who's wearing a beret these days. This type of headgear is enjoying quite a vogue around these parts. Herb Baron has worn one for years, as has Eddie Montgomery, now Ed Phillips is sporting a very fancy model crocheted by wife, Betty. Fred Rose has the snappiest cold weather suit we've seen. It's a sort of brown, all in one piece, with little pockets all over. Looks good though as it's quite sharply tailored. Bob Torgersen gave away his keeping warm secret when asked why he wasn't freezing in what appeared to be a single wool sweater. He confessed to having on thermal undies.

In the city with the dogs

Speaking of Torgersens, Christy, who now lives in an apartment in the Crescent City, decided that her tiny chihuahua, Tina, would make a good watch dog for her and her three room-

mares. As Tina at the age of four had never experienced motherhood, her recent plumpness was attributed to good food and lack of exercise. So imagine Christy's surprise when she awoke to find Tina and three puppies in bed with her 1 a.m. The fourth was a Toni White's bed and Toni, who isn't an ardent dog fan, almost had a stroke. She thought she'd found a rat sleeping with her.

Corner on complaints

Once again we find that "dodge the pothole" is of necessity being played by drivers all over town. Central Avenue is one of the more hazardous courses although Waveland has patched its end. One of the worst holes is on Beach Blvd. at Ramoneda, so this will serve as a warning to anyone who hasn't already ruined one or more tires in this particular menace.

Smelose advises

We noted that the real Heloise suggests covering unused burners with foil when frying foods that spatter to save messy clean-up jobs. We just happened to discover something even better, so this, for once is a really helpful hint: it's a gadget, that fits any frying pan, made of two pieces of light aluminum. It really makes fried foods taste better as it allows steam to escape, preventing soggy, but not one drop of grease gets on the stove. We found ours at a local electrical store, but are certain they may be found almost anywhere. The best part is the tiny price, only 98 cents, and it comes apart easily for quick cleaning.

St. Clare's Holy Name Society is beginning a drive for new members. Any Catholic man in the parish is eligible (ladies may join the Altar Society, if they so desire). Henry Develle is membership chairman, Jimmy Lagasse, publicity chairman. Anyone wishing further information need only contact Henry or John Auderer and after this week, Jimmy. Jimmy is at present a patient in Mercy Hospital which he entered for surgery last Sunday afternoon. Hope you're all well by now, sport.

Voting suggestion

The proposed constitutional amendment which would prohibit the payment of any tax being a prerequisite for voting in elections for federal offices has been ratified by the legislatures of 37 states. Ratification by one more state and the amendment will have been adopted and the legislature of South Dakota seems certain to take this action soon.

Although only five states, including Mississippi, still have a poll tax, and notwithstanding the hue and cry that has been raised about it, there is nothing basically wrong with this voting requirement so long as the amount levied does not constitute a real barrier to voting. Mississippi's two dollar per capita tax is hardly that.

On the other hand the tax does raise some money and it assists in keeping an up-to-date record of eligible voters, a function that the nuisance of annual registration performs in most states. Nevertheless, the Mississippi legislature might as well face up now to the fact that it must set up some other system for use in federal elections.

In the interest of simplicity we suggest that legislature make any new system also applicable to state and local elections and drop the poll tax requirement.

Even though women often wear tennis outfits when they can't play and ski suits even when they can't ski, they sure mean business when they put on a wedding dress. Loup City, Nebr., Times.

Facts on voting

Deadline for payment of 1963 poll tax, which is necessary to vote in the November presidential election, is Feb. 1. A 1962 receipt or duplicate is also required. Poll tax is payable in the sheriff's office and if lost duplicates may be obtained from the circuit clerk.

Voters must be legally registered four months prior to the election, according to Sec. 3130 of the 1942 Mississippi Code. County registrar is Lamar Otis whose office is in the courthouse. An opinion of the attorney general states that if a general election is Nov. 2, a person registering before midnight, July 2 would be qualified to vote.

Two years' residence in the state, one year in the election district, or beat, city, town or village, and six months in the precinct is required. Another attorney general's opinion states that when a person moves from one election district to another he loses his right to vote for one year. "...but a person may be temporarily away from his usual voting precinct without losing his right to vote in such precinct if he moves with a bona fide intention of returning."

Blanton hurt in 90 crash

State Ptn. Frank Blanton, Bay St. Louis, who was seriously injured last Thursday night was reported yesterday by Dr. Charles N. Floyd, Gulfport attending physician, to be "recovering very well". Although Blanton, 49, is not yet permitted visitors the doctor said this was so the patrolman wouldn't be tired out.

The veteran patrolman was severely cut and bruised about the face, head and body when his patrol car struck a palm tree in the neutral ground of U. S. 90 in Long Beach as the officer pursued an unidentified motorist. On removal from the patrol car, which was a total wreck, Blanton was taken to Gulfport Memorial Hospital where he was given transfusions of five pints of blood and was in surgery for almost four hours.

State Ptn. Leon Fulton, who investigated the accident, credited the swift action of Edward Eady, Long Beach serving machine salesman who witnessed the crash, with saving Blanton's life.

Charles R. Smith

Charles Randolph Smith, 53, of Skidell, brother of Mrs. Selena Blackwell of Bay St. Louis, died Jan. 7. The funeral was Jan. 9 with burial in Garden of Life Cemetery. Other survivors include the widow, 12 children and a brother.

Waveland pays off old bonds

Payment of \$37,295 to Union Planters National Bank of Memphis was authorized by Waveland's Mayor and Board of Aldermen last Thursday night. The amount includes \$15,550 in recall premiums on the 1954 water and gas system bond issue that is being refinanced, \$7,745 interest on the 1954 bonds, \$10,000 to retire ten of the 1963 issue and \$4,000 interest on the new bonds.

The action was on the recommendation of M. A. Saunders, Inc., Memphis investment company that purchased the 1963 issue.

The board also approved payment of \$11,607.54 to Magnolia Construction Co., which has completed all of its work except a few house connections and similar small jobs on town's improved water distribution system. T. L. Van Fossen, resident engineer for Bernard and Burk of Mississippi, engineers for the project, recommended the payment along with an installment of \$244.37 for his firm, which also was authorized.

Mississippi State Rating Bureau by letter said it would inspect the town's water system and fire protection facilities as soon as it could. The town, which hasn't been inspected by the bureau since 1956, asked for this as a step in getting a more favorable rating for fire insurance purposes.

At Tuesday's meeting board attorney Lucien Gex said he was near completion of necessary papers and Merchants Bank was expected to release the \$175,000 cash Friday for the bonds, its bid of 3.37738 per cent interest on the 20-year issue having been accepted by the board.

In other matters county agent O. O. Swords requested a pay raise for himself and his assistant, who earlier was hiked, to the level of other counties but agreed to wait until a solution could be found to the depleted condition of the general fund. Board attorney Lucien Gex suggested a local and private bill because of the Mississippi Test Operation installation. Swords also asked that the Agricultural Building roof be fixed to which supervisors agreed.

A \$60 advertisement in the Times-Picayune Deep South Progress Edition was approved for publication Jan. 26.

Sheriff Sylvan J. Ladner, Jr., said he had received numerous complaints when serving summons to prospective jurors who were not eligible because of having served on recent juries, saying that in one case he had two summons for one man. Circuit Clerk Lamar Otis said he had talked to Judge Leslie B. Grant who advised him to discard his present file cards and start a new set and asked that supervisors supply him

Sewerage problem cited to Rotary

Bay St. Louis' sewerage problem is the "most serious of any city I am aware of," Rotarians were told yesterday by Eugene H. Owen of Owen and White, Inc., Baton Rouge consulting engineers who prepared the \$3,150,000 utility improvement program being considered by the city.

He suggested the possibility that the Federal Housing Administration might soon be forced to refuse any FHA or VA loans to Bay St. Louis because the soil has become saturated with filth. The FHA did this at Ocean Springs only a few years ago, he said.

Powell Glass, Jr., president of the Hancock County Chamber of Commerce, was on the nominating committee which recommended the slate. There were no other nominations.

At its request Gulfport was chosen to host the council's March meeting at which time the Gulfport hopes to arrange for an afternoon visit to NASA's Mississippi Test Operation with Senator John A. Stennis to speak at the dinner.

wedding anniversary Jan. 17 at their home. Helping them celebrate were her brother-in-law and sister, Mr. and Mrs. Anthony Watting and Gerard and Roger Villere, Metairie, and their daughter and son-in-law, Ann and Barousse of New Orleans.

Ebbie Clark are to be entertained by the Raton part in the coffee fest. Mrs. J. W. C. of Knoxville, Tenn., is helping Kappy and Susan keep the home fires burning in their absence.

A roast beef sandwich lunch will be served at the benefit luncheon sponsored by St. Anne's Sodality from 12 noon until 3 p.m. Wednesday, at the parish hall. The money raised will be used to help pay for carpeting in the new church. The affair has a real catchy name which we're unable to use due to postal regulations.

'Cap' and Henry Capdepon and daughter Gladys (Mrs. Lamar) Bassett returned home from Randolph AFB, Texas, around noon Monday full of details of the military wedding of their granddaughter, Barbara Higgins to Robert J. McNally of Detroit, Mich., which took place Saturday, Jan. 18. Barbara was a beautiful bride and the whole family were very much taken with the groom's parents, Mr. and Mrs. McNally, who braved snow and ice all the way into Texas to attend the ceremony.

Leaving Wednesday after spending a week as guests of Mrs. Ruby Bennett in Pearl River were Mrs. Louise J. Huff, her son, Harry Johnson and wife all of Oil City, Pa. Mary Catherine and Leo Moran honored the visitors at dinner Tuesday night.

Receiving a rather novel award at Jaycee banquet last Saturday night was Charlie Carter, Jr. He's now officially an honorary Jaycee.

Bride Jeralyn (Mrs. Melvin) Wilson was truly surprised by a shower given in her honor Sunday at St. Charles parish hall. Pink and white were the colors chosen for the decorations featuring an umbrella and wishing well by the hostesses, all aunts of the groom, Shirley (Mrs. Roland) LaFontaine, Marius (Mrs. Bert) Lader, Myrtle (Mrs. Wesley) Haas and Lottie (Mrs. Alvin) Lader. Jeralyn looked like a doll in a yellow wool suit and matching accessories and the lovely, orchid corsage presented by her hostesses. Among the guests were Grace Bordages, her mother, Mrs. Lottie (Garfield) Lader, Myrtle (Mrs. R. L.) Jones, Claire Bourgeois, Ada Edel, Sara Thorming, who incidentally looks fine following surgery in a New Orleans hospital several months ago, Elaine Davis, Elaine Hayes, Gladys Baxter, Belle Peterson, Ruble Bordages, Ann Hutchinson and others too numerous to mention.

Margaret and Roy Cuevas joyfully welcomed their first daughter, little Melaine Louise who was born last week in Hancock General Hospital. She weighed an even six pounds upon arrival.

We'll make all the poor married men green with envy again. Buddy (Dr. Adrian) Hava is packing his bags once again. It's been just too chilly around here so he decided that 10 days in Key West, Fla., was just

Wouldn't think Charlie Ferry would be quite so excited about a new baby after having 12 of his own, but the arrival of his grandchild has him acting just like all grand-children. Miss Susan Michele Ferry put in her appearance at 2:40 p.m. Saturday, Jan. 19, at Keeler AFB hospital. By the way, Phyllis and Dickie Ferry are the beaming parents.

Marie Butterworth spent Saturday afternoon getting more beautiful in preparation for an evening at the Blue Room. Jo Skaggs did likewise, but that strong, silent one didn't divulge her destination, if any.

We never thought that the usually unshakable Eddie Blafze would let a little thing like a calendar rattle his composure. . . but, just ask him about it.

SIGHTS AND SOUNDS ALONG THE WAY - Swarms of children taking advantage of the sunshine to ride shiny new Christmas bicycles; a nun leading a group of colorfully dressed girls on a sedate stroll along the seawall and the sound of little night insects chirping in amazement at their survival.

VOTING NOTICE TO NEW RESIDENTS

Mississippi law requires two years residence before you are eligible to register as a voter.

It also requires payment of poll tax (\$2.00) for two successive years before a primary election for you to be eligible to vote in that election.

Poll tax for 1963 is now due and payable until February 1, 1964 (after February 1 you will not be able to pay 1963 poll tax).

All new residents who want to be eligible to vote as soon as possible should pay 1963 poll tax NOW (before February 1,), or else you will find that even after you register you will still have a waiting period before you will be eligible to vote in a primary election.

What does this mean for you?

How does the construction of a new steam-electric generating plant or the completion of an atomic power project affect you as a customer of Mississippi Power Company?

One important way is by helping to make your electric service an even bigger bargain than it is already.

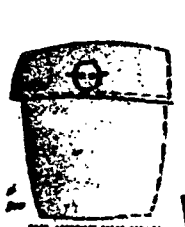

For instance, the Greene County (Ala.) steam-electric generating plant is being built near vast coal reserves which will provide an economical heat source. This means lower operating costs and greater efficiency from which you, the customer, ultimately benefit.

In another important field, atomic power, the knowledge and experience gained in pioneer atomic projects like the Enrico Fermi Plant will aid immeasurably in developing increasingly efficient atomic power plants which may well make economical power from the atom a reality in Mississippi in future years.

Constant research and development of better means of producing and delivering electric power by investor-owned companies like Mississippi Power is a big reason why electric service continues to be far and away the biggest bargain in your budget.

"We could use that Lader", remarked Hancock North Central coach Roland Lader as Harrison Central's Paul Lader pumped in 35 points to spark the Rebels in a losing effort Friday night, the Hawks leading all the way to win 75-57 in their own gym. It was their 16th victory of the season against one defeat.

North Central's top scorer, Wendell Lader was close on Paul's heels with 28 points followed by Eddie Peterson with 16 and Berlin Lader with 10.

The Hawks took a 22-14 lead and were never headed, winning the second 19-8 and the fourth 21-20. Harrison lead in the third 15-13.
